Well, am in! So far we have
traveled about 1800 miles
It's plenty hot out here but
not as hot as they said it would
be its 99° Today wasn't quite
as bad as I was expecting I'm
getting use to it (I guess)
So far we had no car trouble
haven't used a drop of oil think
your ford could do that?

Ill keep in touch.
Mike.
